Dear Parents/Guardians of Sec 1 Students

1 Happy New Year and a very warm welcome to our Deyi family! We have planned a rousing start in Week 1 through the Level Residential Camp. Through this, we hope to settle your child/ward in well for the School Year, to be all ready for an enriching 2023 in line with our School Vision of being **Active Learners**, and **Gracious Citizens**.

COVID-19 Preparedness – 11 Jan (Wed)

2 On 11 Jan (Wed), the school will carry out a temperature-taking exercise as part of pandemic vigilance. All Sec 1 students will receive a new Oral Digital Thermometer (ODT) from the school for the drill. We also seek your assistance to ensure that your child/ward continues to exercise good personal hygiene and social responsibility, as part of COVID-19 preparedness. They must see a doctor if unwell and alert their Form Teacher if they test COVID positive. Together, we will continue to keep the school a safe place for all students and staff.

School Communication System

3 The school is using an online system to take students' attendance. If your child/ward is absent from school, an automated SMS will be sent to your mobile phone with effect from **3 January 2023**. The time of automated SMS is as follows:

Monday, Tuesday, Thursday and Friday : 9.00 am
Wednesday : 10.00 am

4 Our school will use **Parents Gateway** as our main communication platform. Parents who are on board Parents Gateway will receive information via the mobile app.

Student Handbook

5 To inculcate responsibility and good self-management, every student is given a copy of the Deyi Secondary School Student Handbook 2023. In the Student Handbook, there is detailed information on all school matters. Rules and regulations are listed clearly in the Student Handbook to help students identify acceptable and positive behaviours. Students are to note down schedules and homework using the Student Handbook.

Blended Learning - 'Even-Week' Fridays

7 Through Blended Learning, we seek to enhance our students' schooling experience and further develop them into self-directed learners. To support the implementation of Blended Learning, our school will be implementing a '10-day' Time-table in Semester 1.

8 There will be 4 Blended Learning days scheduled on 'even-week' Fridays in Term 1 2023. With this structure, students will be given more opportunities to hone their abilities to be self-directed and independent, and to develop passion and intrinsic motivation for learning in the process.

9 Intended as a day of Self-Paced Learning, a typical Blended Learning Day includes 4 hours of Non-Timetabled Asynchronous Learning covering the curriculum, followed by approximately an hour of Student Initiated Learning (SIL) activity, starting with a short FT check-in time at 7.30am. Details of the Blended Learning Day and the step-by-step guide to help students indicate their SIL activity will be shared in Term 1 Week 2 during Form Teachers' time on Monday and Wednesday.

Co-Curricular Activity (CCA) Days – Tuesdays & Thursdays

10 A holistic education provides students with a broad and deep foundation for lifelong learning. This includes learning not just in the academic areas. Equally important is the development of values and life skills in each child. This will equip the child to be future-ready to handle the challenges in life. Co-curricular programme also supports students to discover their strengths, interests and talents. Hence, CCA participation is compulsory at the secondary school level. Our school's CCA days* are on Tuesdays and Thursdays. Each session will last about 2.5 – 3 hours. The above information is presented in each student's timetable. Students will have their lunch in the school canteen and then report to their CCAs (according to their respective scheduled time).

*Schedule might vary due to competitions/SYF requirements and other special activities.

*Some CCAs might be able to free up some Thursdays if the required training has been completed. Parents will be informed of the specific CCA Training schedule.

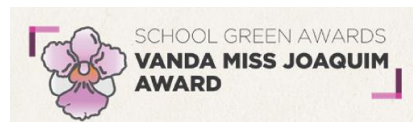

Homework Policy

11 The school believes that homework, when used appropriately, can reinforce students' learning, provide feedback on their progress and cultivate a healthy disposition towards continual learning. The school's Homework Policy guides teachers in setting well-designed homework to bring about intended learning outcomes, moderating the amount of time students spend on homework and providing timely feedback on marked assignments. Your child/ward will also be instructed to write down details of homework and tests in the Student Handbook, which you can refer to as well. We seek your understanding and support as our partners in education to ensure that your child/ward's learning benefits from the homework.

MOE Financial Assistance Scheme (MOE FAS)

12 Information leaflets showing the criteria, benefits and application procedure for MOE FAS have been placed outside the General Office. Singaporean students can refer to the information in the leaflet should they require financial assistance. Students who wish to apply for the scheme can (1) Obtain the application form outside General Office or download a copy of the [MOE FAS Application Form](#) and submit to the General Office (2) Submit online via <https://go.gov.sg/moe-efas>. USE OF MOBILE PHONES (also printed in Student Handbook 2023)

13 Students need to exercise self-discipline, integrity and care when using their mobile phones. Students are to use their mobile phones in a socially responsible manner. All content shared and communicated via the mobile phone should be respectful, considerate and appropriate towards others.

14 Students are allowed to bring their mobile phones to school under the following conditions:

Area 1: Canteen

Area 2: Sports Area (courts, fitness area and indoor sports area)

Area 4: Foyer

- (iii) The mobile phone must not be used to take photos or videos in school, unless permission is given by the school authorities.

15 Students who do not comply with the above conditions on the use of mobile phone would have the privilege withdrawn.

- (i) The mobile phone inclusive of sim card will be retained by the school for 1 week for 1st violation of mobile phone rules, 2 weeks for 2nd violation and 3 weeks for 3rd violation.

Weighted Assessment (WA)

18 In alignment with the Ministry of Education's effort to move away from an over-emphasis on academic results, WAs will continue to be implemented in 2023. Each WA can take various modes, e.g. class tests, quizzes, presentations, group projects. WAs will be used by teachers to determine the level of student's understanding in the respective subjects. Through WAs, teachers will be able to provide formative feedback as well as take remediative action during the course of the year. Details will be provided through your child and can also be found in the Student Handbook.

Parent Support Group (PSG)

19 Deyi Parents Support Group (PSG) aims to promote greater collaboration and communication between the school, parents and students. PSG would like to invite parents to be a more involved Deyian Parent by completing 'The Deyian Parent form' via QR code or this link (<https://tinyurl.com/ycuw7545>).
